

Dick's Chicks are pasture egg-laying chicks, ready to supply you with dark yellow yolks that stand tall and full. Their ecological lifestyle produces eggs with higher levels of Vitamin E, A and B12, and higher Omega 3 fatty acids, and more folic acid than store bought conventional eggs.

Dick's Chicks are the best pasture sanitizers around and get to express their natural chickeness readily making them "happy Chicks" which is denied on 99% of conventional chicken layer farms. They get fed wholesome grain and milled locally, as well as bugs, grass, and vegetative scrapes, resulting in a healthy egg for you.

Eggs are a beautiful brown color and are picked up daily, hand cleaned/washed as needed, sorted by size and made ready for your home table.

Somerset Farm direct sales all eggs to you the consumer in several methods:

1. Retail (on demand) sales
2. Local Egg Share: Egg share is a local Consumer Supported Agriculture agreement whereby each share owner agrees to a 6 month or annual egg arrangement (the choice can be changed as needed by calling 540-460-5230). As a share owner, you have priority egg availability over retail sales.

Share prices: (Sign Egg Share Contact Form)

___ Medium/Large (weekly or biweekly) @ \$3/dozen (**mark quantity**)

___ 6 months (1/2 share) ___ 1 Year (full share)

___ Large/Jumbo (weekly or biweekly) @ \$3.75/dozen (**mark quantity**)

___ 6 months (1/2 share) ___ 1 Year (full share)

Purchased eggs can be picked up at the farm or a specified delivery place.
